I'm a passionate Graphic Designer, Web Developer, and UI Designer with over 5 years of experience creating impactful and user-focused digital solutions. My expertise lies in combining visual storytelling with modern design principles to deliver work that is both aesthetically pleasing and highly functional.

## Experience

---

### Freelance, Sports Graphic Designer

February 2025 - July 2025

Designed engaging sports visuals, including match-day graphics, player highlights, and social media content. Collaborated with clients to create dynamic visuals that capture team identity and elevate fan engagement.

### Computer Society, Social Media Manager & Graphic Designer

- Present

Created and managed social media content to boost engagement and promote events. Designed graphics that aligned with the organization's branding and improved its online presence.

### Casinodrop, Graphic Designer & Motion Designer

August 2024 - December 2024

Produced visual and motion design content for digital platforms, combining creative visuals with animation to enhance brand storytelling and audience engagement.

### Freelance, Stream Brand Designer

June 2022 - October 2022

Designed custom stream overlays, logos, and visual assets for streamers to establish unique branding and improve their on-screen presentation.

### Freelance, Graphic Designer & Vlog Editor

February 2021 - December 2021

Created visual content and edited vlogs to enhance storytelling and audience engagement through cohesive design and video presentation.
